SUMMARY

I am an experienced Web Developer and DevOps Professional with a passion for web development and cloud computing. I have a strong foundation in both front-end and back-end technologies. I am well-versed in cloud computing platforms and use cloud services to create scalable and robust solutions. I am dedicated to lifelong learning and remaining current on industry trends, offering a dynamic and adaptive approach to every project I work on

EXPERIENCE

Sr Technical Azure Consultant

Mapping Skills Technology Pvt. Ltd   **June 2024 - Present, Pune IN**

- Using Azure services, I designed and built scalable cloud solutions for enterprise clients with an emphasis on cost-effectiveness, security, and performance.
- I oversaw migration projects that moved on-premises software and infrastructure to the Azure cloud, improving operational efficiency by 95%.
- Offered knowledgeable advice on Azure technologies, such as [name the specific services you used, such as **Azure VMs**, **Azure SQL Database**, and **Azure Kubernetes Service**].
- Established monitoring and logging solutions using **Azure Monitor** and **Log Analytics** to enhance system reliability and performance.

Jr Technical Azure Consultant

Mapping Skills Technology Pvt. Ltd   **September 2023 - June 2024, Pune IN**

- Assisted senior consultants in designing and implementing Azure-based solutions for clients, gaining practical experience with core Azure services.
- Participated in cloud migration projects, helping to move on-premises workloads to Azure under supervision.
- Conducted initial assessments of client infrastructure to prepare for Azure adoption, documenting current states and potential migration paths.
- Developed and maintained **Azure Resource Manager (ARM)** templates for infrastructure-as-code deployments.

JavaScript Developer

RanchiMall   **June 2023 - September 2023, Remote**

- Developed and maintained responsive, high-performance web applications using modern **JavaScript** frameworks, primarily [mention specific frameworks, e.g., **React**, **Angular**, or **Vue.js**].
- Implemented robust front-end architectures, ensuring scalability and maintainability of code across multiple projects.
- Collaborated with back-end developers to integrate **RESTful APIs** and **WebSocket** connections, creating seamless full-stack solutions.

CERTIFICATIONS

AWS Certified Solutions Architect – Associate
Amazon Web Services (AWS) · 2024

AWS Cloud Practictionar
Amazon Web Services (AWS) · 2023

Microsoft Technology Associate (MTA) Introduction to programming using JavaScript
Microsoft

PROJECTS

Blackbaas
blackbaas.vercel.app
- This project an backend as a Service (BaaS) that provides a unified interface for integrating different services from various cloud providers, such as **Google Cloud Platform (GCP)**, **Microsoft Azure**, and **Amazon Web Services (AWS).**

Themysticroutes
themysticroutes.netlify.app/
- ThemyticRoutes a comprehensive online platform that streamlines the process of planning unforgettable hill station vacations. Our user-friendly website aims to cater to the diverse needs of travelers seeking to explore the breathtaking beauty and serenity of the hills.

Alaric
Alaric · alaric.co.in
- This web application aims to provide real-time information about the location of buses running in a city and to enable passengers to book and pay for tickets online. It will utilize an embedded system-based GPS module installed on each bus to capture and transmit the real-time location data to the server.

SKILLS

Technical Skills: Amazon Web Services (AWS), Google Cloud Platform (GCP), Microsoft AZURE, DOCKER, kubernetes, Linux, NODEJS, C, C++, BLENDER, Python, JAVA, PHP, GitLab, GitHub, Git, Azure Repos, JIRA, HEROKU, Netlfiy, Fullstack Developer, NodeJs, RUST
Databases: MONGODB, MYSQL, AWS RDS, AWS Aurora, Azure Cosmos DB, PostgresSQL
Frontend: HTML, CSS, Javascript, TypeScript, ReactJS, VueJS, AngularJs

COURSEWORK

AWS re/start Cloud Practitioner
TATA Strive · Amazon Web Services (AWS), Cloud Computing, Linux, Networking, Python

Architecting Solution in AWS
Coursera

Test Automation Foundation
LinkedIn · selenium, CypressIO

RIBC Internship
RanchiMall · 2021 · Blockchain, JavaScript

BLOCKCHAIN ESSENCE COURSE
The Blockchain School HQ · 2020 · Blockchain
